October 1st, 2020

NTW/HIS Families and Community,

This letter is to make sure everyone is clear on what the expectations are for this temporary school closure period. Although this feels like the closure in March, the academic requirements are completely different. Here are the expectations everyone is expected to follow:

#### Academic Expectations:

- Students will log into their classes during the live instruction times and participate.
- Students will check their email 2x daily.
- Students will complete work that is assigned to them.
- Students will contact their teacher if they require assistance.
- All school work during this time counts.

We are hoping for as much participation as possible! With so much time lost in the spring and summer it is critical that our students keep moving forward with their learning by participating in remote learning activities.

Thank you for your support!

Sincerely,

Seth Miller
