September 25, 2020

Dear Parents and Guardians:

As you recall, Tribal Risk Management & School Administration in conjunction with Tribal & Public Health, Delta & Menominee Counties continues the case investigation and contact tracing activities related to a staff member who tested positive for Covid-19 on Thursday, September 24, 2020. If your child is identified as a close contact and needs to quarantine, you will be notified by a Tribal Health Department nurse for further instructions. If your child is not identified as a close contact, you will not hear from them.

Because of the high number of staff and students who will be asked to quarantine, we are making the difficult decision to close the school to face-to-face learning and begin implementation of our remote learning plan. This means the K-12 school campus will be closed to students from Friday, September 25, 2020, through Friday, October 9, 2020. Regular school hours and face-to-face instruction will resume on October 12, 2020. Information regarding the distribution of Chromebooks will be available soon as teachers will begin online instruction. The Hannahville Childcare center, Early Headstart, and Headstart programs on campus **will continue to operate** under their previously arranged schedule as the impact of this situation is NOT affecting their programs.

We appreciate your support at this time and ask everyone to continue to monitor for the onset of symptoms related to COVID-19, including fever, cough, difficulty breathing, headache, new fatigue, or new loss of taste or smell. If you note any change in the health of your child, please call your regular medical provider.

Matthew Johnson-Reeves, Ed.D.
Superintendent
